SUCCESSFUL DEMONSTRATIONS.

Tuesday night marked the second public demonstration of Miss Elizabeth Moore under the auspices of the Nashville Gas Company. These demonstrations, as mentioned in the Globe last week, were held at 1509 Church street all during this week. Tuesday night there was a very large class present, consisting of the representative families in Nashville. The lecture and demonstration began promptly at 7:30 and continued until 10 p. m. Fully seventy-five ladies were in the audience and quite a number of gentlemen. Miss Moore is a fluent speaker, and as stated last week, is an expert in her line. A full meal was cooked and presented for the benefit of the most skeptical critics, meeting the approval of the entire audience. The manager of the gas company stated to a Globe representative that these demonstrations would in future be given at the various churches. It is learned that the first church to be visited will be the Lea Avenue Christian Church, where they are scheduled to begin next week and continue each night; then move to another portion of the city at some church for one week, and so on until every section of the city has been visited.

DEGREE OF A. M. FOR PROF. JOHN HOPE.

It is learned from a reliable source that Brown University at Providence, R. I., which is the oldest Baptist school in the United States, conferred the degree of Master of Arts upon Prof. John Hope on Wednesday, June 19. Prof. Hope, who is a graduate of Roger Williams University, was acting president of the Atlanta Baptist College during last year. He was elected by the Home Mission Society of New York on the 10th inst. to the presidency of the college. This promotion came as a hearty endorsement of his administration of affairs during the last school year, and the conferring of the degree by such a school as Brown University adds another recognition to the Negro on the higher educational basis, as it is known that Brown University is very particular about conferring degrees.

SMYRNA NOTES.

COUNTY INSTITUTE.

The County Institute closed last Friday afternoon after having held a successful and very instructive institute. The program of Friday was excellent and very interesting. The superintendent made an address to the teachers and friends. He spoke some very encouraging things.

The standard of the county teachers must be raised to almost equal that of the public school teachers. All applicants for schools will meet at Fogg High School Monday and Tuesday mornings to take the examination.
